

Great Linford Parish

Neighbourhood Development Plan North

Consultation Statement

1. Purpose of this Statement

1.1 In line with the requirements of the Neighbourhood Planning Regulations 2012 (Localism Act 2011) Great Linford Parish Council (GLPC) has actively involved residents, businesses and other stakeholders with an interest in the ward in the preparatory stages for the Neighbourhood Development Plan (NDP).

1.2 The aim of the consultations has been to ensure that there is as widespread as possible understanding of the reasons for and content of the Neighbourhood Development Plan. Neighbourhood Planning Regulations require a consultation statement to set out the consultation undertaken for the Neighbourhood Development Plan.

1.3 When embarking on the consultations on the Neighbourhood Development Plan, the Parish Council were aware that many issues may be raised that were not land use/planning related and that the consultation exercise itself may raise expectations. This proved to be the case, so the Parish Council sought to address many of the other concerns raised by the local community and have incorporated 'Pledges' within the plan which are separated from the proposed policies but are within the context of the relevant section of the plan.

1.4 In addition, the Parish Council is aware that a Plan is not static and that both circumstances and opportunities change. In this context the Parish Council are committed to ensuring that information is kept up to date, the local community have opportunities to be engaged in parish activities and decisions such as development proposals relating the plan area and decisions in adjacent parishes that may impact on the local community are regularly informed. Likewise, there will be ongoing opportunities for new projects with the parish, new funding opportunities (particularly if Milton Keynes Council set in place a Community Infrastructure Charging Schedule) and opportunities for the Community to Bid under the Community Rights to Bid, Assets of Community Value legislation.

1.5 This Statement sets out the order of events as to how they got to the position of submitting the draft plan for consideration by Milton Keynes Council to form part of the Statutory Planning Framework.

2. Background

2.1 Milton Keynes is fully 'parished'. It became one of the government's designated, New Towns, in 1967. Milton Keynes Council became a Unitary Local Authority in 1996. Up until January 2013, The Homes and Communities Agency had development control planning making decision powers in the form of a partnership with Milton Keynes Council called 'Milton Keynes Partnership'. In January 2013 these powers were returned to the Council.

2.2 Also in January 2013 a considerable number of assets held by The Homes and Communities Agency were transferred to Milton Keynes Council and a new company wholly owned by the Council known as 'Milton Keynes Development Partnership' was formed with the responsibility of managing these assets.

2.3 Milton Keynes has seen considerable growth since 1967, developing from an area comprising 13 historic villages, Bletchley, Newport Pagnell, Wolverton, Olney and Stony Stratford. It has grown in population from approximately 60,000 residents to over 250,000, with current planned and approved further growth for at least another 28,000 dwellings by 2026.

2.4 Great Linford Parish Council was subject to Parish boundary changes in 2013 along with other Parish and Town Councils in Milton Keynes.

2.5 Great Linford Parish has developed since the formation of the New Town and has therefore been subject to considerable change and development. Within the parish is a large area forming part of the Northern Expansion area which is now largely complete. Although there are no new strategic development schemes proposed in the current Core Strategy for this area, the area remains subject to development pressures which are likely to arise in the form of smaller piecemeal developments.

2.6 In addition, due to its proximity to the commercial centre of Milton Keynes, Campbell Park and Willen, where there are known development pressures or opportunities for change, the parish is subject to the possible effects of development in these areas, both positive and negative.

2.7 The Parish Council has been actively involved in scrutinising and commenting on planning proposals within the parish and also those developments that may have an effect on the area but are outside of the parish boundary.

2.8 Following the introduction of the Localism Act in 2011, the Parish Council has grasped the opportunity to make a Neighbourhood Development Plan.

3. Starting the Neighbourhood Plan.

3.1 An initial application was made to Milton Keynes Council by the Parish Council the qualifying body which was approved by Milton Keynes Council (MKC) on 19 February 2013 following a 7 week consultation period by MKC between 5 December 2012 and 23 January 2013.

3.2 In the application to Milton Keynes Council dated 13 November 2013 GLPC stated that:

'GLPC has been working for some time on a strategic plan and a vision which aspires to build a stronger local community, a high quality environment, greater, engagement and partnership, improved local services and social and economic wellbeing at a local level.

GLPC sees the neighbourhood planning process and the preparation of a neighbourhood plan as an opportunity to fully engage with the community. A plan area that embraces the whole of the parish area is considered to be an appropriate vehicle to deliver the vision.'

3.3 However, Great Linford Parish Council notified Milton Keynes Council that they felt the Neighbourhood Planning process could be carried out more effectively if the Parish was divided into two distinct areas with separate neighbourhood plans produced for each.

3.4 Great Linford Parish Council therefore applied to Milton Keynes Council, in accordance with the Neighbourhood Planning (General) Regulations 2012, to designate two new Great Linford Neighbourhood Plan Areas to supersede that which was originally designated on 19 February 2013.

3.5 In the latter dated 13 November 2013, GLPC stated:

'Following an initial review and consolation regarding the issues to be considered within the Neighbourhood Plan, we now consider that the planning process can be more effectively be conducted by dividing the total parish area into two distinct areas with a separate Neighbourhood Plan for each area.

We believe, by taking this approach, we can more effectively engage with the local communities and prepare plans which are more appropriate to the particular needs of each area and fit in with the GLPC plan and vision for a stronger local community, a high quality environment, greater engagement and partnership, improved local services and social and economic wellbeing at a local level.'

3.6 In accordance with The Regulations, Milton Keynes Council published the area applications, and held a six week public consultation period between 19 February and 2 April 2014.

3.7 Following publicity of the proposal, one response was received to the two Great Linford Parish Neighbourhood Area applications. The response, from a local resident and representative of a local cycling organisation, raised concerns with the proposal to split the Parish into two Neighbourhood Areas, and made recommendations that it remain as a whole.

3.8 The consultation response has been considered by Milton Keynes Council and by Great Linford Parish Council and the Neighbourhood Plan Steering Committee.

3.9 Having regard to the response received and the comments made to address these points, Milton Keynes Council considered that it was appropriate to designate two Neighbourhood Plan Areas to cover the Parish area of Great Linford as proposed by the Parish Council and this was approved by MKC on 24 June 2014.

4. Plan Preparation Process and Public Consultations

4.1 A working group with Councillor Keith Panes as lead councillor was set up and included the GLPC Parish Manager and the Project Support Officer, assistance from other GLPC Councillors and external resources have been co-opted as necessary. The process would not only generate the content of the plan, but must also demonstrate that local people and business had been fully consulted and were supportive of the proposal. This in turn, will provide the momentum for the delivery of the plans proposals.

4.2 To ensure that the process for developing the Neighbourhood Development Plan have been conducted with integrity and in a fair, open and honest manner, we established a Steering Group that could provide an independent and objective view in overseeing the process. The function of the Steering Group was not to be part of the engagement, consultation, policy development and plan writing, but to ensure that the way these processes were carried out, produced a true reflection of our communities views regarding the way that their neighbourhoods might be preserved and developed over the coming years.

4.3 To this end GLPC wrote to local ward councillors, parish councillors, local businesses, clergy, community group leaders and parish guardians inviting them to join the Steering Group. The Group was then formed from those who expressed an interest in becoming involved. The Steering Group have regularly met to monitor and comment on the planning process and methodology.

5. Key Issues

5.1 Following initial discussions, completion of the Evidence Based Summary and review of other Neighbourhood Development Plan case studies, GLPC agreed upon a number of likely key issues facing the local community and which might be addressed via the Neighbourhood Development Plan.

5.2 It was also recognised that during the public consultation process, other issues might arise and priorities may change and so a flexible attitude to the final objectives and issues to be addressed would be required. The Key issues to be consulted upon initially were as follows:

1. Housing
2. Shops and Services
3. Sports and Leisure Facilities
4. Wellbeing and Open Spaces
5. Getting Around
6. Business Opportunities and Employment
7. Education and Personnel Development
8. Heritage and Arts

6. Creating Awareness of the Neighbourhood Plan

6.1 Articles explaining the purpose and procedure for creating a plan were published in the 2014 spring edition of North by North East (the parish magazine which is delivered to all homes within the parish) along with an information article in Pulse Magazine which is delivered throughout North Milton Keynes. The GLPC website also carried information and details regarding the Neighbourhood Development Plan and the plan process and information posters were placed on GLPC noticeboards and at local community centres.

7. The Questionnaire

7.1 A Questionnaire was prepared asking for resident's opinions relating to 50 questions across the above issues, a free text box was available under each heading for respondents to write comments.

7.2 The questionnaire was delivered in paper form to homes across all parts of the parish during April 2014 and was available for completion on line between April 2014 and July 2014.

7.3 GLPC received a total of 634 responses to the questionnaire, of which 380 related to the North Area Plan. The results were analysed and the results summarised to show the opinions and strength of feeling on each of the key issues.

8. Public Consultation Meetings (Open Events – July 2014)

8.1 Four Open Events were organised and held during early July 2014.

8.2 At these events residents had the opportunity to view the results of the questionnaire, ask questions and put forward their views.

8.3 88 feedback forms were completed at the Open Events of which 29 related to the North Area Plan.

Summary of Comments From July 2014 Open Events - North	
1. Housing	
Planning of any new development should reflect needs of current residents. Opportunistic schemes that do not consider other residents should be stopped or discouraged	Giffard Park
Green belt should be protected. If future development is required then opportunities to use existing housing or industrial areas should be explored first.	Giffard Park
2. Shops & Services	
There is a need to redevelop the convenience shopping facilities across GLPC	Gt Linford
Ensure adequate disabled parking and access	Giffard Park
3. Sports & Leisure	
MK has an abundance of clubs and facilities that can be used e.g. tennis, swimming, football, netball etc. There are lots of open spaces for activities	Giffard Park
More advanced publicity of activities and events is needed	Giffard Park
4. Wellbeing & Open Spaces	
Create wildlife habitats along bridleways etc., e.g. bird/bat boxes, log piles	Gt Linford
Little bookshop is a delight - needs to be supported so it can keep going	Gt Linford
GL Centre needs better litter provision, a drop in centre, more small shops, bike racks, floral decoration. Coffee book shop should be supported	Gt Linford
Seating in open spaces might encourage vandalism. Leave open spaces as they are for people to enjoy in their own way	Gt Linford
Protect Hanson Centre	Giffard Park
Visitor Centre near Black Horse pub/link with railway walk would be a good idea	Giffard Park
5. Getting Around	
Improve/reduce on road parking	Giffard Park
6. Business & Employment	
Can GLPC improve the effectiveness of it advertising	Giffard Park
7. Education/Personal Development	
A locally run beginners course in computing for older citizens would be good	Gt Linford
Something for teenagers - like a MUGA (but not just sport). A covered open space to hang out. Activities for young and old to do things together	Redhouse Park
8. Heritage & Arts	
Art on roundabouts excellent idea - it would help people navigate around MK	Giffard Park
Sustrans cycle route markers could involve local art on railway walk	Giffard Park

9. Draft Plan and consultation (Open Events – February 2015).

- 9.1 Following an analysis of the consultation responses, a draft plan was prepared. The plan was then subject to a period of consultation and four Open Events were organised and held between 17th – 21st February 2015.
- 9.2 At these events residents had the opportunity to view the draft plans, express their support or opposition, ask questions and give views.
- 9.3 34 feedback forms were completed at these Open Events by residents of the North Area Plan.
- 9.4 Generally, those responding expressed strong support or support for all the draft policies - see Appendix 1 below.
- 9.5 No new comments were offered relating to the Policies; comments were more in support of concerns about the original issues which the Policies are designed to address.
- 9.5 Some minor changes were made to the Plan and these have now been submitted to Milton Keynes Council to proceed to the next stages.

10. Consultation with the Business community and other non-residents

10.1 Neighbouring parishes, small and large businesses were also consulted as part of the plan making process. In addition known community groups were also engaged – see Appendix 2 below.

10.2 Although the responses from these groups were limited, the Parish Council considers that matters relating to the business and community groups have been incorporated into the plan.

Appendix 2 – non-resident consultees

Named person if known.

Dear M xxxx

**Great Linford Parish Neighbourhood Development Plans - North & South
– Tell us what YOU think**

Earlier this year Great Linford Parish Council started the process of creating our own Neighbourhood Development Plans by consulting extensively with the community to seek its' views on a range of issues. The ideas generated and concerns raised have now been brought together in our draft Plans to enable our community to have a say, in where they want new homes, shops and offices to be built, what gets built, where and when.

Once again we are consulting the residents and other stakeholders; as a local business providing valuable services to the community, we want to invite you to tell us your views.

The Plans have the potential to play a supporting role in economic growth, improving people's quality of life and protecting the natural environment over the next twenty years. When complete, the Great Linford Neighbourhood Development Plans will have statutory force and form part of the Local Development Plan.

We want to let you know how you can do this as your views are extremely important to us. This can be done:

- **on-line** between 19th January - 1st March 2015
at www.great-linford.gov/uk/neighbourhoodplan
- or
- **in person** between 17th February – 21st February 2015
at any one of the venues below where members of the Parish Council will be on hand to help you:
 - 17th - GLPC Parish Office, Tower Crescent, Neath Hill MK14 6JY - 2pm - 8pm
 - 18th - Community Centre, Broadway Avenue, Giffard Park MK14 5PY - 2pm - 8pm
 - 19th - Salvation Army Hall Ramsomes Avenue, Conniburrow MK14 7BA - 2pm - 8pm
 - 21st Cross & Stable Hall, Sadlers Place, Downs Barn MK14 7RZ - 10am - 4pm

We would be very grateful if you can also make this known to your colleagues and very much hope that you will be able to play a part in this final stage of what we believe is an enormous opportunity for local people to influence the future development of the place where we live.

We look forward to your participation.

Yours sincerely

Keith Panes OBE

Chairman of Great Linford Parish Council
