#### Could this Be You?

We are looking to appoint a talented and enthusiastic individual with excellent standards of English to work with our EAL children to develop and extend their literacy skills. Ideally, you will have some experience of working with individuals or small groups of children to support their learning and will have a GCSE or equivalent pass in English. As a guide, the majority of support will be at the early acquisition stage with the emphasis being on developing the confidence/competence loop. Specific training will be readily available as required.

#### Why Work At The Premier Academy?

The Premier Academy offers a great experience to pupils and staff alike. We are a three-form entry Primary with 630 children on role and waiting lists in all year groups. We have an extremely positive and calm working environment underpinned by well-established systems and routines. Our children are happy and engaged with their learning and behaviour is excellent. Our facilities are second to none nationally and need to be seen to be believed.

Our community is diverse, with 59% of our pupils from ethnic minority groups and 49 different languages being spoken at home. Our EAL children achieve very well but we believe that adding the right person to our team can ensure that they can achieve their full potential.

Our staff members are supported and developed according to individual need and interests and benefit from a vibrant and positive working environment. Additional staff benefits include enhanced holiday provision and access to subsidised private health care.
