About our School:

About Denbigh School

Denbigh School is an excellent school with an enviable reputation. It is a highly successful, over-subscribed comprehensive school with 1750 students aged 11 – 18 and over 200 staff. At Denbigh School, we firmly believe that every student has the right to learn in every lesson, and every teacher has the right to teach without disruption. Our strong expectations around behaviour and engagement foster a calm, purposeful and dynamic environment where both staff and students can thrive. Our school embodies the core values of Kindness & Respect, Engagement, and Doing No Harm. These values are central to everything we do, guiding our approach as a school and as a cohesive team of staff.

For more information about our school, please explore our website: <https://www.denbigh.net/>

About The Denbigh Alliance

The Denbigh Alliance Trust is driven by our mission of Care, Education and Opportunity. We prioritise care by ensuring that no student or staff member ever feels anonymous. Everyone is recognised, valued and supported, creating a strong sense of belonging within our community. Our commitment to education is reflected in our proven track record of academic success, consistently outperforming both Milton Keynes and national averages. We offer opportunity through supportive

and dynamic learning
environments, where every student can thrive and be well-prepare

About the Role:

The Role

Denbigh School is seeking an inspiring and dedicated Lead Science Technician to join our dynamic team. As our Lead Science Technician, you will:

- Take the lead in shaping the Science department's practical learning, ensuring resources are expertly maintained and ready to bring lessons to life.
- Collaborate with passionate educators to design and deliver exciting practical activities that ignite curiosity and instil a lifelong love of science in our students.
 - Empower and guide the team of Science Technicians, fostering a culture of innovation, excellence, and teamwork.
 - Champion safety and compliance, creating a secure and thriving environment for scientific exploration and discovery.
- Be at the heart of transforming scientific concepts into hands-on experiences that inspire the next generation of scientists and thinkers

Closing date for applications: 27/01/2025
