

Name: Tahmid hussain

School name: sir herbert leon academy

I Tahmid Hussain believe im the best candidate for i share interest just like others to be in the MK Youth Council and I believe I can make an impact on our peers not just in school but over the entirety of Milton Keynes. I think the overall reason to join is the experience and knowledge and being able to be an inspiration and influence on the people around us and helping them be the best they can help our surroundings.

I shall make time to attend the meetings by pre hand , finding a solution whether it is by : car, bus,train,walk or even bike. I shall try with dedication to try my very best to be there on time. From what I learn Youth crime and mental/physical health are not good so I believe they are big problems that must be sorted even if its little by little and if possible sort many more problems as they come. To summarise my paper I believe im a great candidate for the role and if il get in the next step is. THE WORLD.
