| Start date: 01/09/2025 |

About our School:

Watling Academy is an Ofsted 'Outstanding' secondary school situated on the western edge of Milton Keynes, encompassing the Whitehouse and Fairfields developments. Opening in September 2020, our school is a new and vibrant learning community for students aged 11-18. We are excited to open the Watling Academy Sixth Form to our first cohort of Year 12 students from September 2025, which will provide further educational opportunities. Our core values of Respect, Responsibility and Kindness embody the 'Watling Way' and are integral to the way we interact, learn and grow together as a community.

For more information about our school, please explore our website: www.watling.academy

About the Role:

Are you an inspirational and committed Design Technology teacher eager to lead and shape the future of STEM and Sustainability? Can you lead curriculum development and inspire students to engage with innovative STEM learning?

Watling Academy is seeking a passionate Head of Design Technology & STEM to lead curriculum development, teaching and learning and Health & Safety within the DT department, while also playing a key role in embedding our Academy-wide STEM and Sustainability ethos. As Head of DT & STEM, you will:

Lead on curriculum development in DT, ensuring high-quality teaching and learning across all key stages.

Drive innovation by embedding STEM and Sustainability across the school, working closely with our STEM Innovation Lead.

Shape the future of DT by introducing and developing KS5 programmes as we open our brand-new sixth form in September 2025.

Inspire and develop colleagues within your team, fostering a culture of collaboration and professional growth.

Be a key part of our supportive team, collaborating with colleagues to deliver an engaging and enriching curriculum that meets the needs of every student.

We welcome applications from experienced Heads of Department or ambitious teachers looking for the next step in their career.

Closing date for applications: 31/03/2025
